A BIKE-FRIENDLY DOWNTOWN

Downtown plays an important role in a larger effort to enhance cycling culture in the City of Dayton, selected as a Bicycle Friendly Community by the League of American Bicyclists.

Dayton was awarded a bronze-level status for its efforts to help make the city more bicycle friendly through such initiatives as the addition of bike lanes and these amenities:

METROPARKS BIKE HUB

RiverScape's Bike Hub features bike lockers, showers, and restrooms, and is situated at the center of more than 300 miles of paved, off-street trails. Bike Hub membership is open to all people, to support their alternative transportation needs and their use of the facility to transport themselves to work, school, civic engagements or other activities.

237 E. Monument Ave.275-7275

BIKE PARKING

In addition to bike parking offered during many downtown events, you'll find more than 100 permanent bike racks throughout downtown for daily use.

BIKE TRAILS

Downtown's bike-friendly streets connect to the nation's largest network of paved, off-street bike trails. The trails link downtown to neighborhoods, natural areas, and other attractions throughout the region.

Learn more at miamivalleytrails.org.

LINK: DAYTON BIKE SHARE

Link, Dayton's bike sharing program, features hundreds of Green Link bicycles and 100 white, electric-assist eLink bikes, all within an approximate two-mile radius of downtown Dayton. Customers check out bikes from any of Link's 37 locations and return them to any of those stations at the end of their trip. For pricing, station maps, and other info, visit linkdayton.org.
